

PERSONAL INTERACTION INVENTORY

Directions:

*Working across each horizontal row of four words, place a 4,3,2 or 1 in the space in front of each word. Numbers range from 4 being like you to 1 being least like you. Each word across must have a different number. You will end up with one 4, one 3, one 2 and one 1. **Do not go 4 4 4 4 across....** that will tell you nothing! i.e. Maybe the first word is a 3, second word is a 1, third word is a 2 and fourth word is a 4. Then go to the next line across. When you have written a number in the space in front of each word on each line across, total the columns vertically and write the total in the space at the bottom.*
