### **PEACE & PLENTY IN 2006 Part 1**

From December 1 through the 31<sup>st</sup> – New Year's Eve Day – I ran a 31 Day *Season of Miracles* MasterMind Request every day for subscribers to flex their spiritual muscle like they've never flexed before!

The 31 days of requests are designed to assist people wanting to participate in the process of SEEing and Vibrating Higher.

On Jan 1, due to the high number of people wanting to do the 31 Miracle MasterMind Request program again, we restarted it.

If you have not registered, [click here](#) and *go get your miracle*. (It's free.)

If you have registered, simply go to the URL you were given in December and begin again.

#### Miracle Story:

Prior to Christmas this was my MM request in regards to healing family relationships: I request and accept that my relationship with my mother, father, brothers and sister is now healed, restored and reconciled for the highest good and I accept that I will be specifically guided to take right action or non-action. I request and accept that they speak to me with respect, love and without judgment and that they are excited and happy to see me and my family. I request and accept that I now release all resentments, judgments and anything unlike love easily and gently.

I felt a "pull from within" that during my holiday up north to visit with my family. We had been estranged for 7 years due to memories of sexual abuse & trauma issues surfacing for me and I then spent the next 7 years healing.

Because I was preferring a loving and healing outcome for the highest good of all I thought to do this via MM. After the MM session with my partner I felt so at peace, comfortable and confident that all would be well.

I was able to visit with each family member without upset, nervousness, regret etc. I simply sat with each one, shot them lots of love and talked freely and openly. My mother at the end of the visit hugged me and then hugged me again! I know that we can as a family move forward.

Thank you Mary and thank you God! Gail

I'm changing the name of the program from 31 Day *Season of Miracles* MasterMind to 31 Day *Miracles* MasterMind.

What started me thinking about doing something extra special for the *Season of Miracles* was Hurricane Rita!

Because of the teleconference call that I did with 100 *spiritually high* minded people which created miracles around Rita and minimized her size and altered her path, I know the possibilities of what we are here to create together.

Miracle-mindedness is just that: it's a choice to ask for and expect Miracles.

It's all about understanding just how "connected" we really are to our Source, and how we came here to create really excellent, soul satisfying lives.

We are meant to be the Masters of all good.

And that means transforming those situations that are anything unlike the good we are meant to seek.

We came here to assist each other in healing through Light and Love and Peace.

The writing of my YouAreTheLightMovie.com came about because I was spending every morning for many months pondering and thinking a lot about creating Miracles in those relationships with people, situations and events that were calling my attention to transform them with the Light.

Several months after the Light movie was well on it's way throughout the world, I started pondering and thinking a lot about creating Miracles in those relationships with people, situations and events that were calling my attention to transform them with unconditional Love!

This time I was jolted awake at 4:30 a.m. on a Sunday no less, and the words suddenly come through me quickly and easily. YouAreLoveMovie.com was written and the rest, as they say, is history.

Here's what I really think, believe and know is possible. I really think, believe and know that, given the miracles we created with Rita, that we can join our minds, hearts and souls to create World Peace in our lifetime.

That's right, **World Peace in our lifetime!**

This *is* happening one person at a time – one family at a time – one opportunity to choose peace at a time and one resulting miracle at a time.

We *learn* how to do this by watching others who embody a peaceful presence.

We *learn* how to reach for Peace by experiencing Peace in the movies, through high vibrational educational resources and through classes and spiritual communities that continuously help us remember to *connect* to that which breathes us in the face of anything unlike what we would prefer.

We *learn* how to do this by taking a run at asking for, and courageously expecting, the miraculous!

How do we *learn*?

By not waiting on any person in this world to do it for you... *go get it!* Go learn it!

Settle down and read even one paragraph of an uplifting book, and ponder it. You don't have to read a book from front to back. Begin anywhere... the point is, begin and then do it again and again and again. When I was changing my life by leaps and bounds I did not read even one spiritually motivational book in my library from beginning to end. I jumped around and got myself fed by whatever page I open the book to. Sometimes I only needed to read one paragraph to turn my thinking around.

Today, I read and reread many of my own books and courses because what I've written about *is* what creates an enjoyable, peaceful rich life.

And while my written work aligns with many other authors, I also have gone levels beyond many in my writing especially in my [You Can't Have An Attitude & Keep It A Secret!](#) eBook where I talk about what's *really* happening energetically in all relationships and most importantly, what you can do about it in an instant.

I also begin each day in a peaceful mental state, I watch at least two of my movies every morning to simply remember to take my inner most highest counsel: my Inner Guidance.

If you still have yourself convinced that you can only struggle with reading, then listen to eAudio/MP-3s of any of my [TeleClasses and MasterMinding](#) Coaching Sessions. Talk about having something change you from the inside out. Listen to one of them. I have an awesome [90 minute TeleClass MP-3](#) for \$9.95. Begin there.

In this bright new year of 2006:

Learn how to think differently from resources that takes your thinking beyond where you've thought before which in turn causes you to believe where you've never believed before.

Learn how to MasterMind.

Learn how to ask.

Learn how to be a good MasterMind partner for someone else.

Learn how to stop brainstorming and holding people accountable and condemning any one who thinks differently than you and replace this need to control with PEACE.

Learn how to give up doing it your way!

Learn how to stop limiting people ...and God!

Learn how to have faith in the unseen to bring you the answers you need.

Learn how PEACE creates a vibration that is totally transformative to any insurmountable problem you have.

### **Learn the way of PEACE:**

√ By purchasing and then spending time daily in one any one or all of the [resources](#) I've written for you to change your life with.

I just ordered the [MasterMinding 101 Online Course](#). This is my first day of this 31 day miracle. I have done the master mind group 3-4 years ago and some miraculous things happened. Since then I have been looking for something like this since then. A friend sent me a link to see the light movie. What a great inspiration that movie is. It was a wonderful surprise to see that it was connected to a master mind person. I asked and finally received this great blessing. Cindy

√ By getting yourself in a peaceful state daily by watching any or all of the movies I'm providing for you. Our newest movie released just yesterday:

Thank you again for your movies--really needed the Love movie this AM. :)"  
Margot

Dear Mary, YouAreTheLightMovie.com is definitely a "keeper". I shall play this to keep myself centered in Light! thank you for making this available to all of us. It transforms the Universe. Debbie W

√ By following your Inner Guidance daily as it speaks to you from your peaceful state. This is where "plenty" comes. From a state of peace and connection with your source.

Here is just one example that came in just last week, of how quickly returning to uplifting educational knowledge can be for your emotional and physical state:

Mary,  
Can I still access the [MasterMinding 101 Online Course](#)? I took it ages ago but would like to revisit some of it. Right now, these are trying times for me on many levels. I wish I could jump in and pay you again but right now, I am scraping to make ends meet. This time too shall pass but that is right now, in this hour.... blessings. J

-----

Dear J,  
Yes, you can access it and we'll resend you the URL. I can't tell you how important doing daily study work is to shifting your energy and creating greater good and money and love and peace into your life... Just be willing to do the work daily and to find peace of mind through my movies first thing every morning at the start of your day – every day... then make time each day to study in the course. --Mary Robinson Reynolds

-----

Several days later:  
Hi Mary,  
Something shifted in me last night. I have some of your work printed out and am reading and rereading and seeing things happening a different way and for the highest and best good. Things are really popping today. I will access the movies on a daily basis. Also, I started the morning w/Van Halen....something about that song, Jump, just seems to get the body moving and thinking and responding differently. My latest idea is a dance studio or pole dancing classes....  
HAAHAHAHAA!! Anyway, thanks for the support. Love you! J

I think, I believe, I know that as we shine our Lights and learn to Love unconditionally, Peace will vibrate more and more and more.

I have more to say on this subject... so be watching your email for PEACE & PLENTY Part 2!

in Light & Love and Peace in 2006,  
Mary

PS – [Click here](#) to register for my 31 Day Miracles MasterMind program. And, if you don't have someone you can call every day for the next 31 days to state your Miracle MasterMind Request to (and they back to you), you may want to invest in my [MasterMinding 101 Online Course](#) where you can instantly access other MasterMinders using my system for MasterMinding.

I go out to the MasterMinding Message Board daily, so you can know that I am SEEing for you while you attract in other's who will SEE for you too. I expect you to follow my system for MasterMinding and if I see you are getting off track with what you *really* want, I will coach you ... otherwise, just know I am SEEing and am in agreement with what you are intending to create.

I call it a miracle. When I read I don't read ahead or skip to speed up to what might be next. I do think ahead with expectancy. When I came upon your website there was something very special that soon became evident. I needed a specific way or idea or just the means to bring out from within our hearts in a different way the love of Jesus. I don't care for the way Christianity is taught. When I read that one sentence at your 31 Day Miracle MasterMind Request website, "One of Jesus' secrets in manifesting is ..." in an instant I knew I would be here for the 31 days and most likely continue. Thank You, Ralph and a very special angel in spirit.

PSS ... I want to give a big hug out to all those emails we receive from our movies. Here are just a few of what's already coming in from [www.InnerGuidanceMovie.com](http://www.InnerGuidanceMovie.com) :

Thank you so much for this beautiful, inspiring movie. God is awesome! I had a conversation earlier today with a friend and I spoke to her about listening to her inner self for answers to her problems. I told her she would know that it was God speaking to her because she would feel His peace. When I opened this email and read the message, I knew it was a confirmation from God through you to me. His "DivineTiming", yes. Be blessed and please continue to be a blessing to all of us.

Many many thanks for the Inner Guidance Movie.....so timely.....thank you so much. CG

Very good..I always believe in Divine Timing. I used to fret so when my timing was interfered with, until God showed me one day his timing saved my life so many times. Now, if I'm delayed, don't get the answer I want right away, there must be a reason, Happy that you acknowledged God and his Son, Jesus. I'll figure you out yet, so keep them coming.  
Hal

Hello, Mary's latest movie is beautiful, just as the others have been lately. Whose music did you use for this? It reminds me of the lady whose music you used for the Thanksgiving movie. Anyhow, please keep doing the movies! They are very inspirational to me (and I am sure others as well). Peace and Love, Helen
