

“No two minds ever come together without thereby creating a third, invisible intangible force, which may be likened to a third mind.” - Napoleon Hill

7 Steps to the MasterMind Connection®

I SURRENDER ordinary thinking. I recognize and accept that I desire to add to my own inherent power the sum and substance of the intelligence, experience, knowledge and spirituality of my MasterMind partners to provide amazing ideas and affirmative language to assist me in generating new results now.

I FOCUS the power of my intention to be open to all possibilities. I dissolve in my mind, and in the minds of all others, any idea that my own can be withheld from me. No person, thing or event can keep that from me which the power of the creative mechanism of our collective minds – the MasterMind - can conceive of, and bring me in perfect timing.

I DECIDE differently. Within and without, I *call* all things past, all things present, all things future, a success. I release positively everyone. I am free and they are free too. All things are cleared up between us now and forever.

I KNOW that, when two or more minds come together in the spirit of harmony, peace and good will, the accomplishment of my goals, dreams and desires will be intentionally created through this alliance, to bring about easy effectiveness, energy and good to all.

I ASK my partner's support in seeing and believing for me what I really want. I now make known my specific goals and requests, knowing that the accumulative MasterMind consciousness of this group will lift my thinking, shift my receptivity to what I've asked for and open my mind to creative solution-generating ideas and language.

I ACCEPT and receive all that I am aligned with. I give great appreciation to the third, invisible intangible force as it responds, in the ways that are best, to my desires. I assume the same feelings I will have as my goals and requests are being actualized.

I DEDICATE myself to be of maximum service to those around me, to be a living example of what humanity can be and to practice "harmlessness" in generating peace, love, harmony and good will in my world. I am grateful and relaxed ... and so it is.

I go forth with a spirit of enthusiasm, excitement and expectancy.

I am at peace.

This or something greater.
